The member will need to pay the provider of any treatment covered by the Additional Plans then submit a detailed invoice to Oddfellows showing the treatment received. The member will then be reimbursed to the limit shown in the table on page two.

Benefit Year

The 'benefit year' relates to benefits payable under 'Additional Plans' and starts from the commencement date of the Additional Plan and continues for twelve months thereafter. On each anniversary a new benefit year automatically commences, as long as there have been no changes to the existing plan and contributions are paid to date.
